A. CURENT SDI SITUATION

- ✓ **Developed NSDI strategy**
- ✓ **Adopted information for NSDI Strategy by the Government - July 2012**
- ✓ **Awaiting government decision for establishment of an inter-ministerial working group for SDI Law (time-frame for completion 12 months)**
- ✓ **Drafting ToR for development and implementation of NSDI government Geo-Portal**

B. SDI IN THE NEXT THREE YEARS

- ✓ Enacted NSDI Law
- ✓ Established NSDI institutional bodies
 - COUNCIL - Executive role,
 - COMMITTEE – Management role,
 - NSDI WORKING GROUPS - Advisory role
- ✓ Bylaws for metadata and data sharing agreements
- ✓ Completion of bidding procedure for NSDI Geo-Portal

C. WHAT ARE WE MISSING

- ✓ NSDI legal framework
- ✓ Trained staff/education
- ✓ National metadata profile/Standardized tool for creation of metadata
- ✓ Standardized digital geospatial data and services according to INSPIRE directive
- ✓ Public awareness
- ✓ Financial resources for realization

D. PLAN TO OVERCOME THE ISSUES

- ✓ Finalize the NSDI draft Law
- ✓ Produce the National metadata profile - tool for creation of metadata according to INSPIRE
- ✓ Training for using metadata tools
- ✓ Raise the awareness

E. COOPERATION WITH OTHER STAKEHOLDERS

- ✓ Established NSDI inter-ministerial working group
- ✓ Successful participation in all phases during production of the NSDI strategy including the pilot application for “fire”
- ✓ Differences between all stakeholders and Ministry of IT and Administration regarding IT issues (centralized via distributed NSDI system)
- ✓ Included representatives from the private stakeholders in the SDI process
- ✓ Invited the private sector to participate at workshops

F. COOPERATION IN THE REGION

- ✓ Raising the awareness within the INSPIRATION project
- ✓ Continued organization of regional NSDI/cadastral conference and workshops
- ✓ Sharing of experience and knowledge
- ✓ Define a new projects for cross-border cooperation (prevention of forest fire, nature protection etc.)
